

BED BUG SPRAY PESTICIDE

Bed Bugs No More! Kills Bed Bugs on Contact.

APPLICATIONS

The Swiss trade secret natural geraniol used in this product attacks the exoskeleton of insects killing them. Standard pesticide products are nerve agents that only kill insects with developed nervous systems. BugBand **BED BUGS NO MORE!** kills eggs, larvae, nymphs and adult bed bugs on contact. Insects can't develop resistance to the geraniol.

DIRECTIONS:

Spray BugBand **BED BUGS NO MORE!** on mattresses, box springs, head boards, carpet, all cracks and crevices, molding and floor boards. Wash bed linens and reapply weekly. Spray non-bedding surfaces every 2 weeks.

- *Biodegradeable.*
- *Non-toxic to fish and water.*
- *Safe for children and pets.*
- *Safe to use around food and food preparation areas.*

#87708

Bed Bugs No More! Pesticide

**EFFECTIVE AGAINST BED BUG EGGS,
LARVAE, NYMPHS AND ADULTS**
NON-TOXIC PATENTED FORMULA

PACKAGING CONFIGURATIONS

1 QT. PUMP SPRAY BOTTLE	87708
12 (1 Qt.) pump spray bottles per case
